Results (based on how many 1, 2, or 3 point answers you have):

If most of your answers are 1's:

Your Mr. Right Sentinel is Luke Paxton, from *Touched by Fire*. He's a Taurus (element earth). Even though he might look like a Leo with that gorgeous mane of hair, and even though he has a bad boy persona, he's low-key, steady and slow to anger. Home and family are important to him, as evidenced by his dedication to his younger sister, and the fact that he raised her. He's very sensuous (responsive to the five senses), as are all Taureans, and very physical, being active in many sports. He can also be protective (another Taurus trait), as evidenced with his protectiveness toward Marla and his sister Barrie. He's got a stubborn streak and does not easily change his mind. Luke likes to ride his Harley, enjoys pizza and beer, and plays a mean game of poker. He likes classic rock music, works out hard to maintain his great physique, and looks fabulous in his motorcycle leathers. He owns a large tomcat named Crash.

If most of your answers are 2's:

Your Mr. Right Sentinel is Damien Morgan. He's a Scorpio (element water), with the ultra intensity and loner tendencies common in many Scorpio men. He is very intimidating, and has the signature chilling gaze, as well as the dark coloring of most Scorpions. He's ruthless and contained, and doesn't get involved with the innocents he protects. His immense focus and drive make him appear cold and hard, yet he can be very passionate about many things, although he generally holds his feelings in check. But when he lets his emotions loose, he can be explosive. He prefers a solitary existence and likes to cook his own meals and work in his yard when he can. He drives a practical older-model car, preferring to spend his money elsewhere and to keep a low profile. Hard liquor with a mixer is his drink of choice, and he cuts a very sexy figure in jeans and a long, leather duster. He likes jazz music. Although he has no pets, if he did, it would be a dog.

If most of your answers are 3's:

Your Mr. Right Sentinel is Adam Masters, from *Touched by Light*. He's a Virgo (element earth), with the high intelligence, deductive capability, and strong self-discipline characteristic of Virgos. Adam lives on a practical, material level and has no use for romance. Besides, he's a Sanctioned, destined to direct and lead, rather than be involved in sexual conductions. His emotions are expressed through his unselfish devotion to The One and all the people in his charge. His objectivity helps him make tough, seemingly cold-hearted decisions. But when fate throws him a curveball, he readily accepts his destiny and turns on the charm—and the passion. Because he lives in a material world, he readily embraces the finer things in life: designer suits and shoes, a top of the line Mercedes, and only the finest food and hotel accommodations. He likes top-shelf scotch, classical music, and gourmet meals. He's too practical to have a pet; he needs all his attention on his work.

Note: If your answers are almost evenly divided between two or all three of the Sentinels, your ideal man might be a combination of those Sentinels. What a man that would be!
